

Corrections to**Archaeozoological investigation of the La Tène A-C₁ salt-mining complex and the surrounding graves of Putzenkopf Nord (Bad Dürrnberg, Austria)**Konstantina SALIARI¹, Erich PUCHER¹ & Matthias KUCERA²

In: Annalen des Naturhistorischen Museums in Wien, Serie A, 118: 245–288.

In the last volume of the Annalen the above cited version of SALIARI *et al.* was published. One of the figure captions, however, contains errors and is reproduced below in the corrected version.

Fig. 7. The three artifacts recovered from the graves of Putzenkopf Nord bearing engravings. **A:** first phalanx of cattle (Inv.Nr. D-PN 6; 50.5 mm length) **B:** first phalanx of cattle (Inv.Nr. D-PKG 343; 50.0 mm length), **C:** second phalanx of cattle (Inv.Nr. PF 43; 32.5 mm length)
