Table 5 of the mentioned paper contains an error of the order of local time sectors. We accidentally uploaded an incorrect version of the table. Below is the correct version of Table 5.

Table 5. The correlation coefficients r between radial distances of IBIPS R_i and geomagnetic activity indices Kp, AE and Dst.

LT sectors	r (Kp, R_i)	r (AE, R_i)	r (Dst, R_i)
Dawn (03:00–09:00 LT)	–0.55	–0.24	0.19
Noon (09:00–15:00 LT)	–0.54	–0.15	0.04
Dusk (15:00–21:00 LT)	–0.54	–0.24	0.14
Night (21:00–03:00 LT)	–0.72	–0.54	0.35
Average	–0.58	–0.29	0.18
