

Corrigendum to

“Electrical precursors of earthquakes in Aegean Sea during the last decade (1997–2007)” published in Nat. Hazards Earth Syst. Sci., 8, 123–128, 2008

E. Dologlou, V. Hadjicontis, and C. Mavromatou

Solid State Section, Department of Physics, University of Athens, Panepistimiopolis, Zografos 157 84 Athens, Greece

It was brought to our attention that in the list of references, the full reference of the paper by Varotsos (1997) was incomplete. The correct reference should read:

Varotsos, P. A.: On the temperature and pressure dependence of the defect formation volume in ionic crystals, J. Phys. (France) Lett., 38, L455–L458, 1977.
